## NEW FOR 2023

### COMMERCIAL MARKET SWINE PROJECT

To take a commercial hog project you will need to sign up for project 139 Market Hog Project: **Commercial Swine** by the April 1<sup>st</sup> enrollment deadline. 4-H members will select this in 4HOnline, FFA members will designate this on their paper form. Those wishing to show in the traditional project will enroll in the standard 139 Market Hog Project.

**YOU CAN NOT** show in both the market swine project and the commercial swine project it is one or the other. The judges for these projects will be evaluating using different criteria.

**ALL** swine department rules for market swine apply to this project.

Pigs for this project will be supplied by the Jr. Fairboard.

Price will be based on feeder pig market at the time of pick up.

Exhibitor can take one or two head for this project. Youth will be contacted after the enrollment deadline to designate the number of hogs they would like to show.

You will pick up and pay for your swine project **TBA** at the fairgrounds.

Hogs will be tagged and weighed day of pick up. The same weight limits apply to **ALL** swine projects.

All pigs will be of the same quality. Each exhibitor will draw a tag number to see which pig he/she gets.

Commercial projects **DO NOT** bring their animals to tag in on June 17th.

The Commercial Market show will be on Wednesday morning of fair week.

Each exhibitor can do showmanship on Monday in their respective age class.

Each exhibitor is eligible for **OME**.

Commercial Market projects will sell in the sale and will also have a **GRAND** and **RESERVE**.

Each Commercial Market project will also be eligible for grand champion **RATE OF GAIN** in the commercial division.

Questions on this new division can be directed to Roger McKinzie, Swine Superintendent.
