

## 2024 Senior Category Job Description

Clover Research Farm  
4444 Clover Road  
Clover City, OH 12345

**Contact:** Chris Clover

**Position:** Research Farm Specialist

### **Position Overview:**

*Do you enjoy working with animals? Are you looking for an opportunity to challenge yourself? If you want to be part of a team that produces a high-quality, nutritious product that feeds not only your friends and family, but millions of people around the world, we want to talk to you! This position offers full training and encompasses all aspects of animal care and applied nutritional research procedures working with large animals: swine, sheep, goats, cattle.*

This key position accommodates a fluctuating work schedule, ranging from 40-50 hours/week, including some scheduled evening activities and a weekend shift rotation of every 3rd weekend. Individuals in this position are responsible for the daily care of all large animals to assure optimum productivity; cleaning and sanitation of worksites and equipment; and research support including weighing, tagging, observational scoring, etc. Those in this role must be comfortable working with limited supervision and have a superior work ethic and attention to detail to maintain data integrity.

The ideal candidate will have the desire to work with large animals, a willingness to learn, a high level of dependability as evidenced with a solid work history, and a proven record of drive for excellence.
